Environmental Impact

"Every item recycled helps uOttawa get closer to its 'Zero Waste Campus' goal. Small actions lead to big change!"

- Recycling 1 aluminum can saves enough energy to run a laptop for 2 hours
- Recycling 10 plastic bottles reduces the demand for new plastic by over 1 kilogram."

"Imagine the collective difference"

- 500kg of recycled materials = 1 ton of CO₂ emissions prevented.
- Every 1,000 recycled items = One tree's worth of oxygen saved.

Community Impact

"Join a growing community of eco-conscious students and staff:

- Over 1,000+ recyclers already making a difference
- Campus-wide efforts inspire other universities to adopt similar programs, amplifying the impact globally."

"Be part of the solution and enjoy the rewards of going green!"

"Together, we can make uOttawa a leader in sustainability and a better place for future generations."
